GIANT MULTINATIONAL DANONE CHOOSES MANWINWIN SOFTWARE

NAVALTIK MANAGEMENT (MANWINWIN SOFTWARE), A PORTUGUESE COMPANY SUPPLYING CMMS SOFTWARE AND CONSULTANT SERVICES ON MAINTENANCE ORGANIZATION AND MANAGEMENT, INCREASES ITS FOCUS ON INTERNATIONALIZATION WITH A SOFTWARE IMPLEMENTATION FOR THE GIANT MULTINATIONAL DANONE IN EGYPT

Navaltik Management (www.manwinwin.com) was chosen by Danone Group for the implementation of AutoWinWin, fleet maintenance software, in its subsidiary in Egypt. The Danone Group is the fastest growing multinational in the world in the food sector, it is present in more than 120 countries on five continents. In 2014 Danone had more than 160 factories and around 100,000 employees, generating sales of € 17 billion, half of which were in emerging markets.

The use of AutoWinWin program in Cairo and 5 other cities, comprises of a project which included the system configuration, data logging and intensive training of users, and the main goals were:

o The configuration of the software with the operating standards of Danone;

o Recording the entire vehicle fleet in the software;

o Set the preventive maintenance plans for the vehicles;

o Recording and organizing the parts used for maintenance;

o Reports for all types of Work Orders;

o Keep track of Stock Ins and Outs;

o Define the key performance indicators;

ManWinWin has gradually been gaining strength in the Arab countries as a competent maintenance management solution provider. Other projects and several efforts are already planned in these markets, which are strategic for the company in the long run.
